Buckingham County Open House

POSTPONED

For more info and project updates on Joshua Falls to Yeat please go to:
vltransmission.com/joshua-falls-to-yeat/

After careful consideration and coordination with the Virginia Department of Health and Buckingham County leadership, Valley Link has decided to postpone our upcoming open house on June 18th. The recent measles outbreak in Buckingham County makes the large gathering a health risk.

Valley Link is still eager to discuss recent route refinements to the Joshua Falls to Yeat transmission project with Buckingham residents. We will share our plans for another public engagement opportunity soon.

“Although the risk of measles transmission remains extremely low within vaccinated populations, the health and safety of our employees, contractors, customers, and the communities we serve are guided by our first core value: Safety. Exercising an abundance of caution at this time in the most prudent course of action.”

Leslie T. Johnson BS, MHRM, RN Manager-Corporate Safety & Health Services at Dominion Energy
