
△ Proposed Substation*

Preliminary Route Alternatives

- Route 1
- Route 2
- Route 3
- Route Variation***

*Subject to PJM's electrical approval

**Due to space constraints, the existing Joshua Falls Station is proposed to be relocated. The relocation and associated work will be completed under a separate Appalachian Power project with a separate filing to be submitted to the SCC.

***A variation represents other routing options within or between the two preliminary route corridors. We are seeking feedback on all route corridors and variations.

For environmental review use only.
