

About the Project

The Valley North Project will build approximately 260 miles of new 765-kV electric transmission line between Putnam County, West Virginia and Frederick County, Maryland. The project is designed to strengthen the region's electric transmission backbone, support long-term reliability, and promote economic growth for decades to come. Please visit the project website for more information:

www.vltransmission.com/valley-north

Valley North Project

A 765-kV Valley Link Transmission Project

Reminder!

You are invited to attend an open house where you can talk one-on-one with the Valley North Project team to learn about the project.

You are receiving this reminder because your property is located near a potential study segment we are considering for the Valley North Project. The enclosed map shows the study segments in your county. **Maps are now live on the project website, at www.vltransmission.com/valley-north.**

No route has been selected but study segments have been developed for your input. We need input from landowners and stakeholders to help make routing decisions. We encourage you to attend an open house to share input that will inform our decision-making. You are welcome to attend any of the meetings that are most convenient for you.

If you are unable to attend an open house in-person, your input is still important to us. Please visit the project website to review project information and provide feedback, virtually. All resources and materials available at the in-person open houses are also available for you to view online, any time through the self-paced virtual open house.

Your input is important. It helps us understand community priorities, identify potential impacts to your property, and explore ways to reduce those impacts.

We are seeking your feedback. Please submit all comments by **August 14, 2026**, so they can be considered during the study segment analysis. You can share feedback by:

- Attending an open house and submitting a comment form
- Using our online interactive map at www.vltransmission.com/valley-north
- Sending us an email at vlnorth@vltransmission.com
- Calling **(304) 207-0120** and leaving us a voicemail with your feedback

Open House Dates and Locations

Doddridge County residents are encouraged to attend the open house in either Lewis or Gilmer counties.
Randolph County residents are encouraged to attend the open house in either Tucker or Barbour counties.

Frederick County, MD
June 29 | 4:00 – 7:30 p.m.
Brunswick Fire Hall
1500 Volunteer Drive
Brunswick, MD 21716
